Letter from 'The Prez'

Greetings!

By the time of our next meeting, the NEWC Show and Halloween will be behind us and the two last major holidays of the year will be coming up. Then we need to think about carving that ever elusive Thanksgiving Turkey! Whether you spend all your time and money to literally hunt one down or purchase one from the supermarket, you could make your life easier by taking a piece of wood or sapling and carving your own! It may not have the taste of the hot meat and juices when taken out of the oven, but think of all the fun you will have! Not only is it easier to clean up the chips, but you won't have to scrub the greasy turkey pan or worry about the unwanted leftovers! Unless you want to invite the bears in for a post Thanksgiving treat! So with these thoughts in mind, I'll stick to a carved wood turkey and the chips will be used as mulch!!

Happy Thanksgiving and

As Always.....Keep your tools sharp, your cuts clean and safe carving!!

Your prez
