

Phil's duck in progress

**My Fellow Woodcarvers,**  
 This Issue is devoted to members sharing current projects with other members. **Please consider sending more pictures for our next issue.** And believe that there will be a return to a more normal life beyond the surreal Covid19 landscape that we are currently in. So whittle away - there will be plenty of opportunities to show off your accomplishments in person at future club events.

Let's continue to Inspire interest in woodcarving by sharing our passion at future club events.

President's Message

Your Safety and Good Health are of the utmost importance. We need to think of yours and others before we commit to group gatherings as it is better to air on the side of caution. Being safe is most important!! Distancing hopefully will get us through this !!!

In the meantime with all the talent you have, creating a new carving that will amaze you and your fellow carvers should be possible. Put patterns aside and put your creative talent to work! And always remember, if you have someone to talk to, put the carving tool down!

With all of this downtime, a small pile of chips can turn into a big pile of mulch!!

Happy Carving...The Prez
